

Royal Kids is a prodigious, powerful, potent and a place to soar high. A place, where education is the motive and excellence is the goal. We remember a popular saying **“Give me the first seven years of a child and then take away the child and do what you want”**. We at Royal Kids, will help the child to develop creatively, think independently and instill in them the sound ethical values of kindness, respect and integrity, within a safe and nurturing environment.

Royal Kids endeavours to individualize the education of every child, through the freedom and flexibility of activity time, organized activities, that are suitable to the curriculum, at the “teachable moment”. We view the social and emotional growth of children as an integral and necessary step in their preparation for future scholastic success.

Teaching Methodology

Maximum learning takes place through interaction with the environment. All our teaching is done through the play-way and project methods. Royal Kids follows ICSE prescribed curriculum.

The learning areas which are covered in Pre-Primary are:

- Personal, Social and Emotional development
- Motor development
- Cognitive development
- Environment concepts
- Hindi for Sr.KG

Learning domains:

- Language and Literacy
- Early mathematics or maths readiness
- Environmental concepts
- Early science experience
- Art and Creative development
- Computers
- Life skills and values
- Musical awareness
- Physical fitness, Hygiene and Cleanliness
- Visual Learning

This method of teaching is most effective as it provides maximum sensory stimulation for the child. A variety of teaching aids are used by teachers to prepare the students for formal learning and develop their capacity to absorb core concepts across the basic academic spectrum. The School tries to bring out the special qualities of every child and showcase their talent by organizing various activities throughout the year. The aim is to have fun and learn through play. It is through active play and hands on experience that children learn and grow:

We foster independence, encouragement, communication, and social skills. At the same time we encourage the young child's ability to make decisions.

Evaluation System:

The assessment is based on CCE i.e. Continuous Comprehensive Evaluation. It shall cover both scholastic and non-scholastic aspects of a pupil's growth. Report cards are issued half yearly. These reports reflect the progress a child has made towards various kindergarten objectives and reflects the developmental milestones reached.

The academic year is divided into two terms

- 1st term-June to October
- 2nd term - November to April

Significant Events and Activities are as follows:

- Annual Concert
- Annual Sports Meet
- Convocation Ceremony for Sr.KG Students
- Field Trips
- Picnics
